

# LUD ANNUAL CONFERENCE

21ST SEPTEMBER 2024 | HYDERABAD, INDIA  
ST. FRANCIS DEGREE COLLEGE FOR WOMEN  
BUILDING HOLISTIC COMMUNITY: STRATEGIES AND STRENGTHS

The Let Us Dream Annual Conference 2024, themed “Building a Holistic Community: Strategies and Solutions,” was hosted at St. Francis College for Women. The event focused on sustainable community development through integrated efforts in education, health, and social sectors, aiming to drive meaningful change from the ground up.

The conference emphasized three primary focus areas. In education, it promoted inclusive lifelong learning and skill development. The health discussions centered on providing accessible, preventive healthcare to bridge disparities, while social development aimed to foster community cohesion and resilience by addressing key social determinants.

Key strategies highlighted during the event included university-community partnerships for research and innovation, equitable healthcare access, and cross-sector collaborations to drive sustainable solutions. The goal was to empower and engage communities for long-term progress.

## KEYNOTE SPEAKERS

Experts like Mr. Isaac George (finance), Dr. M. Surendranath (pediatrics), and Mr. Rajeev YSR (electric mobility) shared insights on leadership and strategies for holistic community growth, further inspiring attendees to take meaningful action.

# LUD ANNUAL CONFERENCE

21ST SEPTEMBER 2024 | HYDERABAD, INDIA  
ST. FRANCIS DEGREE COLLEGE FOR WOMEN

BUILDING HOLISTIC COMMUNITY: STRATEGIES AND STRENGTHS

## HIGHLIGHTS:

- Education Panel: Discussed the impact of AI on learning, emphasizing the need for ethical integration and curriculum updates to prepare students for future challenges.
- Health Panel: Focused on women's health, covering topics such as non-communicable diseases, mental health awareness, and maternal health improvements.
- Social Panel: Addressed empowerment of marginalized communities, with stories of resilience and grassroots development.
- Changemakers Session: Featured inspiring speakers like Father Jose, who advocates compassion-driven work; Jaya Bharathi, who promotes women's empowerment through her MOWO movement; Dr. Sajadullah, known for his charitable healthcare efforts; and Subhalakshmi, who supports differently-abled individuals through vocational training.

Overall, the 2024 conference successfully inspired collaboration and innovative approaches to building thriving communities, setting a foundation for ongoing positive change.
