INVITATION FOR NOMINATION OF CHANGEMAKERS

Changemakers are those who actively seek to bring positive and meaningful change in their communities, organizations, or society at large. They are visionaries and leaders who take the initiative. These individuals and groups work passionately towards addressing social, environmental, economic, and various other challenges. In their pursuit of positive change, they exhibit remarkable resilience and determination. They have a clear vision of the change they want to see in the world and strive to achieve it. Through collaboration, Changemakers actively engage with diverse stakeholders to achieve shared objectives.
